

## Exercise: Compare and Evaluate Answers (Concise Feedback)

You are given:

- a *student submission*, and
- a *sample solution* for the same set of questions.

Your task is to evaluate the student submission.

### Instructions (follow strictly):

#### 1. Comparison (max 4 bullets)

Briefly state where the student:

- matches the sample solution,
- is less precise or incomplete,
- shows uncertainty or vagueness.

#### 2. Grade

- Give a **percentage score**.
- Convert it to **points out of 10** (100% = 10 points).

#### 3. Critique (max 3 sentences)

Provide concise, constructive feedback focusing on:

- clarity,
- precision,
- conceptual understanding.

### Constraints:

- Be neutral and objective.
  - Do not restate the answers.
- Keep the total response under **150 words**.
